

WORLD SERIES NOW A THING OF PAST

Pittsburg Players Get Checks
and Receive Rousing
Celebration.

PITTSBURG, Oct. 19.—The baseball season of 1909, the fight for the world's championship, and all that goes with it and the celebration in honor of the champions is history today. All these things were brought to a glorious close by Pittsburg fans last night and the ceremonies were not over until the last stick of red fire had gone out and the last voice was quieted by hoarseness.

Pittsburg failed to outdo herself in showing Fred Clarke and his crew that the winning of the world's championship was appreciated. City officials, police, companies of militia, representatives of various unions and athletic organizations, besides just ordinary "fans" to the number of about 10,000, accompanied by countless bands, marched in the parade that wound its way through the crowded streets from the downtown district to Forbes Field.

Here all the pent-up enthusiasm that has been holding over since last Saturday, was turned loose and each member of the team was cheered to the echo as he came forward to receive the check for his share of the world's championship games.

Mayor McCreary made a short address, but few heard what was said, and George Gibson and Tommy Leach attempted to say a few words. The crowd was there to look at their idols and yell, however, and speeches were cut short.

While all the cheering and the parade and at the ball park, "Babe" Adams and Hans Wagner were the heroes of the night. Adams was presented with a check for \$1,200, a gift of fellow-players and admirers, that swelled his total earnings for the series to \$3,117.

Griffin went to England to get a match with the winner of the Owen-Moran-Jem Driscoll fight. When that affair fell through he offered to fight Moran, and posted \$1,000 as a side bet, but Owen postponed him and called for America.

Then Griffin started back after him, and he, therefore, has traveled 5,000 miles for a battle with the little Englishman.

Navy Quarterback
May Recover Soon

Medical Officials Believe Attack of
Paralysis Will Be
Cured.

ANNAPOLIS, Md., Oct. 19.—An x-ray examination has been made upon Midshipman Wilson, of Covington, Ky., quarterback on the Naval Academy football team, who was injured about the neck as the result of a flying tackle in the game with Villanova last Saturday.

While no fracture of the bones was discovered, the attending physician stated that the young man is paralyzed from the neck down. His brain and speech are not affected. The medical officers believe that the paralysis is not dangerously hurt, and the paralysis will wear off.

SPORTING NOTES.

Princeton has a new back, Sawyer, who played his first varsity game against Fordham, and did so well that he is likely to be kept in the regular line-up.

Jem Driscoll, the featherweight champion of England, has challenged Freddie Welsh to box for the light-weight championship of England. Welsh is likely to meet Driscoll before he boxes Summers.

Colleges are having fall baseball practice.

"Babe" Towne, who has been a catcher for the St. Louis City Western League baseball team, was chosen manager to succeed "Ducky" Holmes.

Yale's new swimming pool, the gift of Andrew Carnegie, was used by the students of the university Tuesday for the first time.

"Hurry Up" Yost is planning to have no man on his Michigan team who weighs more than 150 pounds.

Harry Cutch, who beat Ralph Byrne last Saturday night, will meet Eddie Stinger in Philadelphia tonight.

Owen Moran, the English lightweight pugilist, arrived in New York yesterday morning. His principal object in coming to this country is to get a fight with Abe Attell.

Jack Leonard is bounding into great shape, and he is ready to tackle any of the aspiring featherweights. He would like to hook up with either Benny Kaufman or Biz Mackay.

Eddie McAvoy, after beating Young Otto, the New York lightweight, feels that he has fully recovered his form, and he now wants to get another match with Johnny Willett.

Joe Sieger, who knocked out Wilding in Philadelphia last week, is anxious to meet some more of the tough kind, and would like to hook up with either Willett or Mickey Gannon.

IDENTIFIES HORSE.

PARKERSBURG, W. Va., Oct. 19.—William Squire, a well-known trainer, has returned from Tulsa, Okla., where he was sent by the American Trotting Association to identify a horse which has won a number of races under the name of Symbel Maid. The horse was identified as Mary Laidley, with a mark of 2:07 1/4, formerly owned by A. D. Simons, of Fairmont, and trained at Shattuck Park here last season. The association will take the matter up.

CEMENT TANKS USED.

The wine storage houses in France are now using cement tanks lined with glass instead of the old wooden ones. The glass lining is used for two reasons—the acids in the liquor decomposes the cement, while the cement absorbs the bouquet of the wine. A tank in Havre has a capacity of 200,000 gallons. —New York Press.

MAKING A "REP" AT YALE

JACK "BEEF" FIELD.
Former Eastern High School Player, Who Will in All Probability Be a Regular
on Big Blue Team This Season.

ACCORDING to Billy Lush, who coached the Yale Baseball team last spring, Field is one of the most promising athletes at that university.

Field played football on the freshman eleven in his first year at Yale, and was a substitute on the varsity last year, getting in a portion of nearly all the large games. Coy, when here with the baseball nine, spoke in highly complimentary terms of the Washington athlete, and predicted that he would be found in the regular Yale line-up in the big gridiron battles this fall.

It is doubtful whether a better football player has ever been turned out of the local high schools. Field played football and baseball at Eastern High School for four years, and was captain in both branches for two seasons.

He is one of those unassuming sort of fellows who indulges in very little talk, is modest to fault, and a very quiet in the way of absorbing punishment in a football game.

His rapid rise at the largest and best known university in the country has been a big surprise to his hundreds of friends here, and all are following his football career closely.

Current Gossip on Football

By MELVILLE.

This afternoon at 3 o'clock, at National Park, the curtain will go on the high school football championship series, Tech and Eastern inaugurating the schedule.

There is but little doubt over the income of the game. Tech, with probably the best team that has represented it for several years, and it has won the championship during all that period, meets the lightest outfit in the scholastic league, and enters the game with the size of the score which the Manual Trainers will be able to run up.

Last season Tech started a near-scrub aggregation against Eastern, and was scored upon in the first few minutes of play. As Tech is out after the undisputed title this fall and wants to annex it without being scored upon, there is little prospect of anything but the regular line-up being employed today.

Eastern has a fast team and well balanced, but appears entirely too tiny to withstand the onslaught of the varsity-like Tech squad, and should be mildly annihilated this afternoon.

Eastern is hopeful. The fact that it is again starting into the face of its usual misfortune of having to play an up-hill game does not seem to trouble it materially, and Captain Donn is encouraging his men with, "We'll do the best we know how."

This year's championship series will undoubtedly narrow down to a fight for second place, Tech being generally considered the favorite of the top of the list. Central has lost several of its best men through injuries and deficiencies in its line. Business is practically an unknown quantity, but has many of its last season players. Western and Eastern are too tight and inexperienced to give serious consideration as near-champions, although the former has shown gradual improvement ever since the season began, and may be able to root its way up the ladder. That is how the situation stands at present. There is not a distinctive feature about any one of the four teams to justify prediction that it will land second place. They are not all on a par, but still so close together that a pretty fight should result before the decision is reached.

Jack Gass and Cy Macdonald will act as referee and umpire in the Tech-Eastern game today. Gass has handled the high school series in high-class style for the past several years and may be depended upon to do so again. Macdonald should prove an able co-worker. He has played considerably in football, is acquainted with the little squabbles which generally arise in these contests, and above all, knows the game well enough to give satisfaction in his present capacity.

One feature of the sand lot games played around the city so far this season, and one which must be corrected if the sport is to prosper, is the tendency of the spectators to crowd out onto the field of play.

There is nothing more trying to a player, one carrying on the gridiron, than to be interfered with by the crowd. In the game between Holy Name and Agriculture several Sundays ago the crowd spread out all over the gridiron, making practice of the open game almost impossible. On several occasions players have broken down under the first line of defense and were fairly started for an open field were brought to a sudden stop by this sort of interference. This feature is detrimental to good football. Besides blocking the players in the play, and should be stopped at once.

Ed Kemper, former Central track star and captain of the 1907 squad that captured the scholastic title of the South, has entered George Washington University and will represent the downtown school on the cinderpath this season.

Eastern will go into today's battle minus the services of four of its best players. Captain Donn is at present nursing injuries sustained in the recent game with St. James High School, and it is doubtful whether he will be able to play.

Owing to the protracted cold spell, Coach Foley, of the Central track team, has given up the idea of outdoor training this season. Work on the indoor track will be started next week.

The action of the board of faculty advisers at yesterday's meeting will deprive Central of the services of Gould, a member of the team, and a member of the Diamond Rubber Company by a big force of salesmen.

Douglass Hillier, one of the most promising candidates for the Western eleven, has been forced to quit the game owing to parental objections.

Hartranft will return to Penn.

Philadelphia, Oct. 19.—"Jake" Hartranft, captain of last year's University of Pennsylvania track team, has signed his intention of returning to college and taking a post-graduate course at the Quaker institution. This addition to the Red and Blue squad would do much to augment the strength of the team, since Hartranft is a sprinter of great ability, having in 1908 taken second place at the intercollegiate in the low hurdles, and last year second in the high hurdles, and third in the low.

WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much so as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of Mother's Friend prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

Book containing information of value to all expectant mothers mailed free.

ACTION IS ASSURED WHEN JEFF ARRIVES

Johnson Will Meet Boiler-maker as He Steps Off the Liner.

EXPECT NO HITCH
IN THE ARTICLES

Negro Says He Is Willing to Cut
Purse to Suit Jeffries.

NEW YORK, Oct. 19.—When James J. Jeffries steps off the liner tonight, he is expected to find Jack Johnson awaiting him.

Friends of the negro champion declare he will "camp on Jeffries' trail" until the latter signs articles for a fight, or admits he will not return to the prize ring. Word received from the West today states that Johnson is hurrying East, intending to challenge Jeffries as soon as he lands, and inasmuch as the negro is the white man's master, and Johnson is expected to suggest that they fight, winner take all, with a side bet of \$10,000.

There can hardly be any quarrel over the division of the purse, as Johnson has repeatedly declared he would "cut the money" any way Jeff says. Both Johnson and Sam Fitzpatrick believe the negro is the white man's master, and Johnson is expected to suggest that they fight, winner take all, with a side bet of \$10,000.

It is just beginning to dawn on the sporting experts here that Johnson is a real fighter. His frequent hippodroming has been lost sight of in the account of his last Saturday's performance, and it is agreed that the fight between him and Jeff will be the greatest since the Sullivan-Paddy Ryan battle.

BERGER CONFIDENT
JEFFRIES WILL WIN

CHICAGO, Oct. 19.—"Jeffries will meet Johnson just as soon as details for a bout can be arranged; and he will knock Jack's head off sure."

The above statement by Sam Berger, recently sporting and cavewalker partner of Jeffries, is being discussed by fight fans today, following Berger's assertion in town between trains yesterday on his way to New York.

Berger left last night for New York, where he expects to meet Jeffries Thursday and begin operations for signing final articles for a fight with Johnson.

"That bout out West looks queer in a good many ways," said Berger, commenting on the Ketchel-Johnson fight, "but it was a mistake to send Ketchel out there to fight a man so much heavier than himself in the first place. It was just putting money in Johnson's pocket."

JENNINGS' TIGERS
GIVEN A BANQUET

DETROIT, Oct. 19.—The citizens of Detroit banqueted the Detroit American League champion baseball team last night. Ex-Mayor George P. Codd was toastmaster, and among the speakers were Congressman Edwin Denby, Mayor Breitmeier, and Hughes Jennings.

About 200 baseball enthusiasts attended the dinner.

Current Notes About the Athletes
Prominent in High School Circles

Central plays a practice game with the Army and Navy Prep on the latter's ground, this afternoon.

"Tinkie" Davis, Business' captain, will take an examination this afternoon in an attempt to remove a deficiency. The barring of a player of the ability of Davis would put a damper on the Stenographers' chances of a college campaign, and the followers of the eleven are anxious over the result of the test.

Ed Kemper, former Central track star and captain of the 1907 squad that captured the scholastic title of the South, has entered George Washington University and will represent the downtown school on the cinderpath this season.

Eastern will go into today's battle minus the services of four of its best players. Captain Donn is at present nursing injuries sustained in the recent game with St. James High School, and it is doubtful whether he will be able to play.

Owing to the protracted cold spell, Coach Foley, of the Central track team, has given up the idea of outdoor training this season. Work on the indoor track will be started next week.

STARTS ON BUYING TRIP

A. GARY CARTER, IN WASHINGTON CAR.
He Will Lay in Supplies for Increasing the Output of Washington Cars.

Auto Gossip of Interest

By HARRY WARD.

The L. P. Dorsett Company, the newly appointed agent for the Mitchell, has received word that this rush of orders for 300 models from all parts of the country has made it necessary for the Mitchell Motor Car Company, of Racine, Wis., to adopt the twenty-four-hour workday, and three eight-hour shifts will be employed for at least three months.

The L. D. Moore Company yesterday received a four-cylinder Palmer-Singer of 1910 model and many motorists have visited the Moore salesmen, on Fourteenth street, to inspect this classy car. It is finished in royal blue and embodies all the latest ideas of the Palmer-Singer Company.

The growth of the export trade in American-made automobiles is indicated by the latest figures of the Bureau of Statistics, which show that during August last 299 cars, valued at \$37,501, and \$100,622 worth of parts, were shipped to various foreign countries. During the same month 131 automobiles were imported into this country, the value of which was \$23,563, while the value of the parts imported was \$11,453. The balance of trade is largely in favor of the United States.

That the Vanderbilt Cup race, which will be held on Long Island on October 30, will this year resume its former position as the social and sporting event of the year, is indicated not only by the high character of the entries and the prominence of the drivers, but by the tremendous demand from clubmen and society folks for seats and boxes.

Automobile tire men are very much in evidence in Washington this week, being attracted here by the annual convention and exhibition of the Carriage Builders' National Association at Convention Hall. The Hartford Rubber Company is represented by A. E. Martineau, Hartford, W. R. Reed, New York; W. R. Barnes, Philadelphia; E. J. Johnson, Washington; the B. F. Goodrich Company by Mr. Murphy, Philadelphia, and T. D. Brewster, Washington; the Victor Rubber Company by E. H. Miller, C. P. Cartmell, and H. H. Durr; the Republic Rubber Company by J. M. Hoffman and F. A. Hastings; the Goodyear Tire and Rubber Company by G. M. Stadelman, H. S. Hamlen, A. F. Ostroff, C. W. Martin, Jr., C. H. Gray, J. W. Powers, and Roy A. Dent; Firestone Tire and Rubber Company by A. P. Cleveland and a number of salesmen, and the Diamond Rubber Company by a big force of salesmen.

The Cook and Standard Company has been advised of a unique performance

Washington friends of Hugh Hurd, who finished third in the recent Fairmount Park stock chaise race, were gratified yesterday to learn that Hurd would be at the wheel of the Apperly "Jack Rabbit" in the Vanderbilt Cup race.

The Automobile Club of Washington gave a smoker Saturday night at its spacious country home, on Brightwood avenue, to mark the opening of the fall and winter season. The clubhouse was thronged with automobile enthusiasts and there was "something doing" all the time. President W. D. West and Dr. Browning, chairman of the house committee, received the guests, while Lester D. Jr., Dr. W. G. Genter, and Franz Kopp had charge of the evening's entertainment. Among those who entertained the motorists were the Madrigal Male Quartet, consisting of E. Mathieu, Leroy Gifford, James Hicks, and T. Apple, Eric Schilling, pianist; W. S. Shelby, recitations; Richard P. Backing, S. P. Sorit, and John Cope, haven songs; Edwin Callow, humorist, and the Washington Auto Club Orchestra. A number of applications for membership were received during the evening.

The club will give a smoker once a month throughout the season.

GARY CARTER GOES ON WESTERN TOUR

Auto Manufacturer Will Lay
in Supplies for Wash-
ington Cars.

A. Gary Carter, president of the Carter Motor Car Corporation, left today for a trip through the West. He will visit the important cities and will purchase large quantities of automobile material and supplies, to enable his company to produce the popular Washington cars in greater quantities. Mr. Carter will be away about ten days.

The continual growth of the Carter Motor Car Corporation is becoming noticeable in many directions, the large number of Washington cars to be seen on the streets of this city showing very plainly that the Carter company is rapidly becoming an important factor in the automobile trade here.

It is understood that an addition to the factory at Hyattsville is in contemplation. Agencies are being established in a number of important Eastern cities, and the Washington car seems destined to occupy a commanding position in the automobile world at no distant date.

COMISKEY TO BUILD
BRAND-NEW TEAM

Chicago Owner Holds Two-Hour
Conference With Hugh
Duffy.

CHICAGO, Oct. 19.—With the baseball season now a thing of the past, Charles A. Comiskey, president of the Chicago White Sox, today began the task of building up a brand-new team for next season and incidentally the task of selecting a new manager to lead the Sox.

A mysterious two-hour conference yesterday between Comiskey and Hugh Duffy, manager of the Providence club, of the Eastern League, revived the report today that Duffy would be selected as manager.

Neither Duffy nor Comiskey would discuss the report.
